OF THE
COUNTY OF MIDDLESEX

For the Year Ending December 31

1965

PUBLISHED IN COMPLIANCE WITH
SECTION 26 OF CHAPTER 35 OF THE GENERAL LAWS

**REPORT
OF THE
COUNTY TREASURER**

To the Citizens of the County of Middlesex:

I have the honor to submit the accompanying report of the Receipts and Expenditures of the County of Middlesex for the year ending December 31, 1965.

Activities of the County are described in the reports of other County Officers and are printed in this document to comply with the General Laws of Massachusetts.

County Accounts are examined once a year by the State Auditors of the Department of Corporations and Taxation, Bureau of Accounts, Boston, Massachusetts.

Respectfully submitted,

THOMAS B. BRENNAN
County Treasurer

Orders were also issued directing that sundry ways in fifty-four cities and towns of the County be constructed. The County was obligated to pay one-fourth of this work, estimated to cost \$648,580.

In connection with the above work, the engineering office provided the necessary plans, sections, grade stakes, and final surveys to determine the amount of work completed. During the year the department completed 33 miles of detail survey; took 20.4 miles of section; made 5.8 miles of final survey and sections, 3.6 miles of location, and 5.4 miles of field location; as well as setting 27.10 miles of grade stakes and 623 bounds.

The Engineering Department is also called upon to provide plans and estimates for paving of drives, and the preliminary sketches and designs for improvements of the buildings and grounds, as well as other general engineering services for county departments and institutions.

ITEM 10.

HIGHWAYS

ACTON

- (4758) *Arlington Street* — Relocation and Specific Repairs from Newtown Road to Massachusetts Avenue.

A further hearing was held on this petition in September at which time the Town represented that the parties concerned were desirous of having the road revert to its original width, that is from 50 feet to 40 feet. The order was accordingly issued in October, laying out the way 40 feet in width as requested. The area between the 50 foot line and the newly established line being thereby discontinued as a public way.

- (4743) (4744) *High Street and New Way* — Relocation and Specific Repairs and laying out and construction of a New Way from High Street near the intersection of Adams Street in a southeasterly direction to Powder Mill Road.

In November a new way was laid out from Powder Mill Road over a width of 60 feet to High Street and thence continuing on High Street for a distance of about 1,000 feet over a width of 50 feet on said street. Areas of land were taken as easements for highway purposes from the Town of Acton for which no damages were awarded.

In December an order was also issued prescribing the manner and limits of the improvements referred to in the order dated December 31, 1964, whereby funds were reserved for the work to be later described; namely, \$13,800 from the Commonwealth and \$6,900 each from the Town and the County. No payment has been made for the work conducted under this order.

- (4743) (4744) (4818) *High Street, New Way and Central Street* — Relocation and Specific Repairs and laying out of new way.

On the petition (4818) pertaining to Central Street, a second hearing was held in December when the Town authorities recommended the street be laid out 50 feet in width from Richardson Crossing easterly about 1,400 feet.

From the appropriations for the improvements of highways this year, the County was committed to contribute one-fourth of the cost of the contemplated work but not exceeding \$6,900. The Town also had available \$6,900, and the Commonwealth \$13,800.

Chapter 808 of the Acts of 1965 permitted the reservation and carrying forward into the year of 1966 certain uncommitted funds by specific order of contract to be used for the purposes for which they were appropriated.

Under this authority an order is to be issued early next year allocating the above mentioned allotment for these ways.

- (4789) *Various Ways* — Chapter 84, Section 11a, General Laws.

The repairs of various ways in Acton ordered in 1964 were completed at a cost of \$5,000. The County's share, \$1,500, was paid in March this year.

- (4885) *Various Ways* — Chapter 84, Section 11a, General Laws.

During the year, portions of Main Street, Concord Road and Central Street for a distance of about 3,120 feet were surfaced, repaired and kept in good condition at an expense of \$4,712.69. The County's share of \$1,500 is to be met next year.

- (4929) *Fort Pond* — Laying out of public access to Fort Pond.

Chapter 195 of the Acts of 1952 as amended by Chapter 334 of the Acts of 1962 provides for the laying out of the County Commissioners of a road

for public access to Fort Pond in the Town of Littleton and of Acton. Various schemes have been proposed from time to time for this laying out and in December a notice was given of a hearing to be held on the eleventh day of February, 1966.

ARLINGTON

(4677) *Grove Street and Summer Street*—Relocation and Specific Repairs.

Further payments were made by the County in 1965 for the work ordered in 1963 on these streets in the amount of \$6,918.07. A balance remains to be met next year.

(4768) *Lake Street and Mystic Street* — Relocation and Specific Repairs.

A second hearing was held on this petition in July when the Town requested that Lake Street be constructed from Colonial Drive northeasterly about 3,500 feet to Massachusetts Avenue and Mystic Street from Robin Hood Road northerly about 2,000 feet to the Winchester line.

In August an order was issued directing the construction of a bituminous concrete pavement on these roads, including the installation of drainage and granite curbs and the construction of sidewalks. The Commonwealth allotted \$37,400 for the work and the Town of Arlington and the County of Middlesex each \$18,700. At the close of the year the County had paid for its portion of the cost, \$14,134.35. A balance remains to be met in 1966.

(4860) *Mystic Street, Summer Street, Medford Street and Lowell Street*—Relocation and Specific Repairs.

This petition was filed in June and hearing was held the following month at which time it was requested that Mystic Street be improved from Beverly Road to Robin Hood Road; Summer Street from Edgehill Road northwesterly for 600 feet; Medford Street from Massachusetts Avenue to Warren Street; and Lowell Street from Park Avenue to the Lexington Town line.

Under the provisions of Chapter 808 of the Acts of 1965, the County reserved and carried forward into 1966, from the appropriations of 1965, the sum of \$18,700 as its share of the work for which order is to be issued in 1966.

ASHBY

(4068) *South Road and West Road* — Relocation and Specific Repairs.

The total cost of the work ordered in 1963 on these roads was \$21,600.10. In May the County made a final payment of \$1,360.61, making its total contribution \$7,200.00. The Town allotted \$3,600, and the Commonwealth \$10,800.

(4588) *West Road* — Relocation and Specific Repairs.

The improvement ordered in 1964 on West Street was accomplished at a cost of \$21,600.50. In August the County paid a portion of its share of the expense, namely, \$5,731.41. The balance remains to be met next year.

(4806) *Various Ways* — Chapter 84, Section 11a, General Laws.

In February the County paid its share of the expense of the repair of various ways in Ashby, ordered in 1964, in the sum of \$1,500. The Commonwealth and Town contributed a like amount.

(4875) *Various Ways* — Chapter 84, Section 11a, General Laws.

During the year portions of Greenville, New Ipswich, Rindge, and Hosmer Roads, for a total distance of about 16,000 feet, were maintained in good condition at a cost of \$4,500. The County's share of one-third, or \$1,500, has been paid.

(3928) *Greenville Road* — Relocation and Specific Repairs.

This petition was received late in November, at which time a hearing was set to be held on January 14 of 1966.

ASHLAND

(4665) *East Union Street* — Relocation and Specific Repairs.

For the continued improvement of East Union Street in Ashland, an appropriation was provided, in 1965, in the amount of \$5,300 on the part of the County, a like amount by the Town and \$10,600 on the part of the Commonwealth. Under the provisions of Chapter 808 of the Acts of 1965, this sum was held over for expenditure in 1966; at which time an order is to be issued for the reservation of the same under a Memorandum of Understanding.

A further sum of \$5,300 on the part of the County with a like amount by the Town and \$10,600 by the Commonwealth was also reserved for use pending issue of order prescribing the work under the said provisions of Chapter 808 of the Acts of 1965.

(4871) *Howe Street* — Relocation of a Portion.

This petition was filed by the Selectmen in June when the Town requested that the relocation be affected from a point about 1,300 feet easterly of the Hopkinton town line to the westerly side of Cross Street, to thereby discontinue this portion as a public way to accommodate the State Department of Natural Resources in its project for recreational park purposes.

In November an order was issued laying out Howe Street anew through land of the Commonwealth of Massachusetts, Department of Natural Resources, which was conveyed to the County of Middlesex for this purpose in the amount of about 2.2500 acres; and also discontinuing the portion of the old road laid out in 1888—all the land between the old way and the way as newly laid out thereby reverting to the Department of Natural Resources for its park program.

(4876) *Various Ways* — Chapter 84, Section 11a, General Laws.

During the year sections of Union Street in Ashland, for a total distance of about 2,700 feet, were surface patched and repaired at a cost of \$4,500. The Commonwealth, County and Town each allotted \$1,500 for this purpose. The County's share is to be met next year.

AYER

(4570) *Groton-Shirley Road, Snake Hill Road and Willows Road* — Relocation and Specific Repairs.(4924) *Main Street* — Relocation and Specific Repairs.

In November a petition was filed pertaining to Main Street and hearing held late in December when the Town requested that the street be laid out 60 feet in width, in general, from Clark Street easterly to Columbia Street. In this year an appropriation was provided for the improvement of the ways as above set forth in the amount of \$5,700 on the part of the County with a like amount available by the Town and \$11,400 by the Commonwealth. The County's share was reserved for use pending issue of an order, in 1966, of a Memorandum of Understanding in accordance with the provisions of Chapter 808 of the Acts of 1965.

(4910) *Various Ways* — Chapter 84, Section 11a, General Laws.

Sections of Sandy Pond Road, for a distance of about 2,410 feet, were kept in good condition during the season at a cost of \$4,499.31. The Commonwealth, County and Town each appropriated \$1,500 for this purpose. The County's share of \$1,499.77 has been paid.

BEDFORD

(4769) *Middlesex Turnpike* — Relocation and Specific Repairs.

A second hearing was held on this petition in July when representatives of the Town recommended that the way be constructed from the Billerica line southeasterly about 3,500 feet. The matter was taken under advisement.

In September an order was issued amending and correcting the return of August 21, 1964, pertaining to the specific repairs in that year of a portion of said way, by changing the ratio of the County's funds for these improvements from the ratio that \$6,600 bears to the total estimated cost of \$33,583.26 to the ratio of one-fourth of the estimated cost of \$26,400, but not exceeding the sum of \$6,600.

The County, this year, paid \$6,118.23 toward its share of the expense of the work ordered in 1964 on this street. A balance remains to be met in 1966.

In 1965 the sum of \$6,600 was appropriated by the County for work contemplated in that year on Middlesex Turnpike, the Town having appropriated a like amount and the Commonwealth \$13,200. The County's sum was reserved in accordance with Chapter 808 of the Acts of 1965 pending issue of an order in 1966 prescribing the work to be done.

Order was issued in April relocating the northerly line as petitioned, thereby affecting a discontinuance as public highway of the portion between the new line and the line as laid out in 1917.

(4883) *Various Ways* — Chapter 84, Section 11a, General Laws.

Portions of Concord Road in Wayland, for a distance of 6,000 feet, were kept in good repair during the season at a cost of \$4,499.81. The Commonwealth, County and Town each allotted \$1,500 for the purpose. The County's share is to be paid next year.

WESTFORD

(4594) *Depot Street* — Relocation and Specific Repairs.

The County this year paid its share of the expense of work ordered in 1963 on Depot Street, namely, \$8,499.55. The total cost of this work was \$26,795.57.

(4751) *South Chelmsford Road* — Relocation and Specific Repairs.

In October an order was issued prescribing the work for which funds were reserved from the appropriation of 1964 for the construction of South Chelmsford Road.

The work consisted of the construction of a bituminous penetrated gravel roadway from Littleton Road to Tadmuck Road. No payment has been made from the County's allotment which was \$8,500 for this work and for which the Commonwealth had \$17,000 available and the Town \$8,500.

In July this road was relocated from Littleton Road to the Chelmsford town line. Areas of land were taken from various abutting owners for which no damages were awarded and notices of these takings were sent to the owners early in September.

Under the provisions of Chapter 808 of the Acts of 1965, the County reserved from its appropriation of highways the sum of \$8,500 for work to be described in an order to be issued early in 1966. The Commonwealth has \$17,000 available for this work and the Town \$8,500.

(4804) *Various Ways* — Chapter 84, Section 11a, General Laws.

Sections of various ways, in Westford, were kept in good repair during the year at a cost of \$4,499.85. The County's share of one-third or \$1,491.12 was paid in February.

(4895) *Various Ways* — Chapter 84, Section 11a, General Laws.

This year portions of Main Street were kept in good condition over a distance of 2,000 feet, at a cost of \$4,473.37. The Commonwealth, County and Town each allotted \$1,500 for the work. The County's share is to be paid next year.

WESTON

(3970) *North Avenue* — Relocation and Specific Repairs.

Further hearing was held on this petition in May when it appeared necessary to take additional land for sloping purposes and temporary and permanent easements for cuts and fills.

In August an order was issued taking sloping easements along the easements taken by the relocation made in November, 1963, for the purpose of protecting the location then made. Areas of land were taken for the purpose of such sloping easements for which no damages were awarded. Notices were sent to owners of land thus acquired.

Payments totaling \$5,922.26 were made this year toward the County's share of the cost of the work ordered in 1963 on North Avenue. The balance remains to be paid next year when the work is finished.

Late in the year an order was made describing the improvement of North Avenue for which the County had reserved the sum of \$6,400 from its appropriation of 1964. The work consisted of the construction of a bituminous concrete pavement and the installation of drainage from the Waltham line to Church Street. The Commonwealth had available for the purpose \$12,800 and the Town \$6,400. No part of the County's allotment has been paid.

Under the provisions of Chapter 808 of the Acts of 1965, there was reserved the sum of \$6,400 on the County's part from the appropriation of highways of that year to apply together with the sum of \$6,400 on the part of the Town and \$12,800 on the part of the Commonwealth. The work is to be ordered early next year on this street.

(4787) *Various Ways* — Chapter 84, Section 11a, General Laws.

The repair of various ways, undertaken in 1964 in Weston, was completed at an expense of \$4,495.93. In February the County's share of one-third or \$1,498.64 was paid.

(4896) *Various Ways* — Chapter 84, Section 11a, General Laws.

Portions of North Avenue in Weston, for a total length of about 3,000 feet, were surface patched and repaired during the season at an expense of \$4,502.90. The County's share was paid at the close of the year, namely, \$1,500.

WILMINGTON

(4416) *Ballardvale Street* — Laying out and construction of.

The work ordered in 1962 on this street was performed at a cost of \$33,352.57. A final payment was made by the County in February in the amount of \$645.73, making the County's total payment \$8,338.14.

The work ordered in 1963 was finished at a cost of \$33,573.26. The County's share of one-fourth or \$8,383.32 was paid in May.

(4817) *Burlington Avenue* — Relocation and Specific Repairs.

A second hearing was held on this petition in October when the Town recommended that the street be laid out from the Burlington line to the vicinity of Boutwell Street. Considerable opposition was registered to the widening which would involve the taking of a number of trees. The matter is pending on the Commissioners' docket.

Under the provisions of Chapter 808 of the Acts of 1965, the County reserved from its appropriation of highways of that year the sum of \$8,400 for the improvement of Burlington Avenue to be described in an order to be issued next year. The Commonwealth had \$16,800 available for the work and the Town \$8,400.

(4822) *Various Ways* — Chapter 84, Section 11a, General Laws.

The repair of various ways in Wilmington, as ordered in 1964, was finished at a cost of \$4,499.63. In February the County paid its share of one-third or \$1,499.87.

(4912) *Various Ways* — Chapter 84, Section 11a, General Laws.

Portions of Middlesex Avenue, for a distance of about 2,200 feet, were kept in good condition during the year at a cost of \$4,498.40. The Commonwealth, County and Town each appropriated \$1,500 for the work. The County's share is to be paid next year.

(4915) *Alteration of crossing of Nichols Street over tracks of the Boston and Maine Railroad by means of overhead bridge and approaches thereto—*

This is a petition of the Selectmen of the Town of Wilmington, filed in September, on which hearing was held in October when it was represented that the bridge in its present condition was a hazard and should be repaired in the interest of safety. The matter is pending on the Commissioners' docket.

WINCHESTER

(4436) *Ridge Street* — Relocation and Specific Repairs.

Final payments totaling \$2,684.60 were made by the County this year toward its share of the cost of the work ordered in 1963 on Ridge Street, making a total payment by the County of \$9,800.

(4772) *Church and Main Streets* — Relocation and Specific Repairs.

Payment of the County's portion of the cost of the work ordered in 1964 on Church and Main Streets was made this year, namely, \$8,054.94. The Commonwealth paid one-half of the total cost and the Town 25 per cent.

A second hearing was held on this petition in August when the Town requested that the way be improved from a point about 200 feet northerly of Lawson Road to a point about 700 feet southerly of South Gateway. This matter is pending on the Commissioners' docket.

(4923) *Bacon, Washington and Main Streets* — Relocation and Specific Repairs.

This petition was filed in November and hearing held later in the year when it was requested that Main Street be constructed from Lawson Road southerly to the Medford line, and Washington Street as far as the money available would prevail.

An order was issued to reserve for further finding the description of the work to be performed and setting up the sum of \$9,800 on the part of the County to be paid upon completion of the work in 1966, together with a like amount by the Town and \$19,600 on the part of the Commonwealth.

WOBURN

(4445) *Olympia Avenue and Extension* — Relocation and Construction of, and Laying Out and Construction of a New Way.

In October an order was made describing the work for which funds had been allotted and reserved in the amount of \$14,800 on the part of the County, with a like amount by the City and \$29,600 on the part of the Commonwealth.

During the year the County made payments totaling \$10,965.42. A balance remains to be paid next year when the work is complete.

(4445) *Olympia Avenue and Extension, and New Way* — Relocation and Construction of, and Laying Out and Construction of a New Way.

(4657) *Olympia Avenue and Extension* — Laying Out over the Tracks of the Boston and Maine Railroad by means of an Overhead Bridge.

A final payment of \$250 was made by the County in February for the work ordered in 1962 on this bridge, making a total payment of \$53,000 on the County's part.

There was paid in February the sum of \$4,974.14 by the County for its share of the work performed in 1963. The total amount paid by the County for the work of this year was \$14,799.99.

(4870) *Main Street and Bedford Road* — Relocation and Specific Repairs.

This petition was filed in June and hearing held in August when the City asked that this street, which is badly in need of repair, be repaired; namely, on Main Street from Winn Street to Easton Avenue, and Bedford Road from Winn Street to Cambridge Street.

Under the provisions of Chapter 808 of the Acts of 1965, the County reserved from its appropriation for highways of that year the sum of \$14,800 for work to be prescribed next year. The City has available a like amount and the Commonwealth \$29,600.

NEW DISTRICT COURT BUILDING, WOBURN

As stated in last year's report, Chapter 688 of the Acts of 1963 authorized the construction of a new district court building for the Fourth District Court of Eastern Middlesex, to be located in the City of Woburn.

Land having been taken by eminent domain, the Commissioners in September of this year received bids and made contract in the sum of \$841,312 with Palandjian & Sons, Inc. for construction of the new building. At the close of the year \$33,345. had been paid to the contractor.

A temporary loan of \$100,000. was issued in March, in anticipation of serial bonds or notes, dated March 9, 1965 and payable March 8, 1966, to the State Street Bank and Trust Company, at 2.10% interest, payable at maturity.

The Architect, Edward J. Tedesco Associates, has designed a three story colonial type reinforced concrete structure, air conditioned, with masonry exterior and limestone trim, having a floor area of approximately 27,500 square feet, and a partial fourth floor for housing mechanical equipment. Provision is made for a major court room and two smaller courts, a library, a clerk of courts area, probation office, a major judge's lobby, and two other offices for judges, an engineering office, a police area, and three conference rooms for attorneys.

PROPOSED NEW SOMERVILLE DISTRICT COURT BUILDING

Early this year agreement was finalized with Arlam A. Dirlam for services as architect for construction of a new district court building in Somerville, as authorized by Chapter 519 of the Acts of 1963.

During the year the following payments were made for properties taken by eminent domain as a site for the new court building:

First National Stores Inc., by court judgment, \$138,196.28;

Gloria Loughry and Abraham A. Franks and Samuel Franks, Trustees, Somerville-Middlesex Realty Trust, \$73,168.29;

Stephen Berecz Jr. and Mabel Frances Berecz, \$45,026.64.

Suits for further damages are pending by Loughry and Berecz.

The following temporary loans were negotiated also during the year:

\$150,000., dated August 3, 1965, payable May 3, 1966, to the Newton-Waltham Bank and Trust Company, at 2.10% interest, payable at maturity;

175,000., dated May 4, 1965, payable May 3, 1966, to the State Street Bank and Trust Company, at 2.10% interest, payable at maturity.

COUNTY COMMISSIONERS' REPORT
PROPOSED NEW BUILDING FOR
COURTS AND VARIOUS DEPARTMENTS OF THE COUNTY
at EAST CAMBRIDGE

Progress was made during the year in initiating construction of the so-called Cambridge Complex of buildings authorized by Chapter 781 of the Acts of 1963. A multiple-structured unit was designed by Edward J. Tedesco, Architect, to be erected in three stages: the first stage of construction being a twenty-story building to house county offices, civil and criminal courts, and the new jail on the site of the House of Correction and old Third District Court building; the second involving the demolition of the existing superior court House and construction of a three-story building to house the Registry of Deeds and Probate Court, with two levels of underground parking; and the third stage consisting of the demolition of the Registry of Deeds and Probate Building, and extending underground garage levels, and constructing a landscaped plaza. The main structure is to be finished in granite panel on the first and second floors at street exposure, with limestone panel above the granite panel for the next three floors, and precast concrete and brick on the remainder.

Contract was made with Donoghue Construction Co., Inc., the low bidder, in the amount of \$149,228. for the demolition of the existing House of Correction and Jail and Old Third District Court, and for providing temporary facilities for the remaining County buildings in East Cambridge. Payments totaling \$138,109.30 were made during the year to the contractor for the portion of the work then accomplished.

In November, after advertising for bids as required by statute, another contract was made with the Donoghue Construction Company, at the base price of \$444,168. for excavation work and foundation piles.

Payments totaling \$165,000. were also made to the Architect.

In July, prior to the demolition of the Cambridge House of Correction and Jail, a contract was made with the Capitol Equipment Company, of Woburn, for work by the day, to remove and transport equipment to be salvaged from the House of Correction at East Cambridge to the House of Correction at Billerica, at a cost not to exceed \$2,875.

In April an agreement was made with the Cambridge Steam Corporation for providing steam for the Cambridge buildings after demolition of the Power Plant at the Cambridge House of Correction, until such time as the new complex is completed.

To meet expenses at this period, the County borrowed \$1,000,000. from the State Street Bank and Trust Company at 2.19% interest, payable at maturity; this temporary loan being dated April 13, 1965 and payable April 12, 1966.

MIDDLESEX COUNTY SANATORIUM

Agreement was renewed between the County of Middlesex and the Commonwealth of Massachusetts, by its Commissioner of Public Health, whereby the Commonwealth would reimburse the County at the rate of \$28.50 per day for each hospitalized tuberculosis patient admitted—the respective municipality to reimburse the Commonwealth for half of the per diem cost for each of its residents admitted. The balance of the expense for the care, maintenance, and repair of the institution for the previous year was assessed on the cities and towns of the County, including interest on temporary notes, in accordance with the valuation used in assessing the County tax, as appears in the following table.

COUNTY COMMISSIONERS' REPORT

MEETINGS DURING THE YEAR

Meetings of the Board are held at Cambridge each Tuesday and Friday, and on the third Monday of each month at Lowell. The Commissioners convened on Thursday this year instead of on Friday, during the summer season only. The Commissioners, acting as Trustees of the Middlesex County Sanatorium, hold meetings at the hospital on the afternoons of the first and third Tuesdays of each month. Acting as the Commission of the Walden Pond State Reservation, they meet frequently with the Superintendent of the Reservation to establish policy for the maintenance of this area.

Conferences are held with the heads of the various County departments from time to time, and numerous meetings held in the several communities of the County on petitions pertaining to highways and on other matters. Some member of the Board is generally present at the office of the Commissioners daily, on other than regularly scheduled meeting days.

Respectfully submitted,

Frederick J. Connors
John L. Danehy
John F. Dever, Jr.
County Commissioners

ANNUAL REPORT ON ACTIVITIES AT WALDEN POND
FOR THE YEAR ENDING DECEMBER 31, 1965

The boating and fishing season at Walden Pond opened on the third Saturday in April. It is estimated upward of 4,000 fishermen were on hand to try their luck during the early hours on opening day. Newspapers continue to credit Walden with the largest number of fishermen in the area. Many continued to catch some of the largest trout caught in the Bay State this year.

The swimming season's opening was postponed to June 15 because of low water, and closed on September 6 (Labor Day). Supervised swimming is maintained during this season. The lifeguards have been credited with 106 rescues from potential drownings with one fatal drowning this season. There were 872 First-Aid cases recorded for this period, some minor—others more serious, while twenty-eight cases required further hospital treatment.

The Water Safety Program which was inaugurated in 1957 originally under the direction of the Red Cross, has now been taken over, sponsored and conducted by the Walden District Safety Council, made up of representatives of neighboring communities. This season 2,273 youngsters have participated in this program, and since its inception approximately 25,000 children have benefited from this program. There has been splendid co-operation between this council, the Middlesex County Commissioners and the management, which makes for not only a pleasant situation, but enables utmost benefits to be achieved in the operation of this program.

Day Camps from areas throughout the County and the State, as well as many groups from out of State, continue to enjoy the facilities at Walden. Some 169 groups with a total of 7,947 children were recorded this year.

Tourists, Sightseers, and Nature Lovers enjoy the beauty of Walden throughout the year. The walks around the pond and many paths on the reservation have been cleared of undergrowth, and made accessible for the public to enjoy. Most of the paths also serve as fire lanes which make any area accessible. Through the co-operation of Fire Chief Thomas D. Tombeno of Concord Fire Department and Fire Chief Leo A. Algeo of the Lincoln Fire Department, our forest and woodlands surrounding Walden Pond are kept green and beautiful. Year around police supervision is maintained here for the protection of the public and also for the Reservation. We are grateful, also, to the Concord Police Chief James E. Finan, and the State Police here in Concord for their assistance in many cases.

There are picnic tables placed throughout the woods for the benefit of the public. Some are set in the woods along the paths for easy accessibility. Benches have also been situated around the pond and along the water's edge for the public to enjoy.

The number of those enjoying ice fishing and ice skating at Walden Pond has been increasing every year with the fishermen and skaters dotting the ice daily in season.

The Federal and State Department of Fisheries and Game have stocked the pond during the year with more than 5,000 trout. We have much concern about the level of the water in the pond caused by the prolonged drought, the reading 153.6 bringing the level of the pond down to a record low.

The State Department of Natural Resources has been most co-operative in many ways and we continue to be most grateful to them.

Walden Pond, this season, was designated a registered National Historic Landmark. This honor was bestowed at the Pond on July 10, 1965.

Walden Pond State Reservation

REPORT OF MIDDLESEX COUNTY AID TO AGRICULTURE

JOSEPH T. BROWN
County Extension Director

The County Aid to Agriculture department of county government is an educational organization commonly known as the Middlesex County Extension Service. This is a part of the Cooperative Extension Service that operates throughout the 50 states in conjunction with the Land Grant College System. The office is located at Concord and is also considered a field office for the University of Massachusetts.

Educational programs are provided in subjects related to agriculture, home economics and 4-H club work. Unfortunately, the name, "County Aid to Agriculture," no longer expresses the real purpose of the program. There is great diversity in the programs of education and service offered to the Middlesex County citizens. In fact the greatest benefits resulting in the work of the County Extension Service are shared by the consuming public. Efficiencies developed through research result in lower consumer costs and thereby require a smaller percentage of the consumer's dollar.

In Middlesex County, with a population of $1\frac{1}{2}$ million, it is understandable that this single office has not been able to serve all the needs of residents who have problems related to agriculture, homemaking and 4-H Club work. However, through the use of mass media including weekly news releases to more than 50 newspapers and a dozen radio stations and radio broadcasts made by duplication of tapes for six of the radio stations each week, we are able to reach a large segment of the population.

The County Extension Service is under the supervision of a nine-member Board of Trustees appointed by the County Commissioners, who serve without remuneration. There is a staff of 14 professional and six clerical workers.

THE REGIONAL AGRICULTURAL PROGRAM

1965 marked the second year of operating a regional agricultural program for Essex, Middlesex and Worcester Counties. In recognition of the need for greater specialization, there are now 9 Regional Agents carrying on programs in the production and marketing of livestock, poultry, fruit, floriculture and market gardening. The program is also supported by a specialist in farm structures. The Director of the Middlesex County Extension Service also serves as Coordinator for the regional agriculture program. More than 100 different municipalities are served in this manner.

Other educational programs and services are offered exclusively in Middlesex County. The subject of general horticulture, although inadequate, describes this work as well as any other terminology. Briefly, this program is designed to be of assistance to homeowners. The problems of the home grounds, the control of pests and rodents, the work in conservation and pollution are included in this category and a myriad of subjects too numerous to mention.

HOME ECONOMICS—1965

The general image of home economics work does not portray the real work of this department. Modern home economics includes not only good nutrition and clothing construction, but many more home skills that are of

benefit to the family welfare. The subjects of finances, child discipline and making homes attractive are but a few of the many courses offered. There are approximately 50 organized groups of women in the county providing volunteer leaders to be trained and in turn teach in their home communities.

With the need for greater attention to working with low-income people, this year the Home Economics Agents have developed special programs for assistance in numerous urban areas. It is expected that this work will expand in 1966.

SERVING 2500 4-H CLUB MEMBERS

4-H club programs are for many youth in the county between the ages of 9 and 19. The popular image of 4-H work is the youngster with an animal or making a dress. There are, in fact, more than three score of projects offered. Similar to home economics, much of the leadership is done by volunteers. The staff of 4-H Club Agents participate in training these volunteers and also work directly with club members on county-wide events. Numerous communities have active town committees in 4-H. This development has proved to be one of the better ways of providing continuity as changes in the staff occur.

Camp Middlesex, located in Ashby, is owned and operated by the Middlesex County 4-H Foundation. It not only serves 4-H club members but non-members as well. Approximately 650 participated in 1965. Instruction is offered in swimming and water front safety, horsemanship, arts and crafts and the study of nature.

A 4-H Fair Grounds is owned and operated by the 4-H Fair Association at Westford. An annual three-day Fair is held which attracts an estimated 5,000 people to attend.

REPORT OF THE SUPERINTENDENT OF THE MIDDLESEX COUNTY TRAINING SCHOOL

To the Honorable Board of County Commissioners:

Gentlemen:

The 72nd annual report of the Middlesex County Training School for the year ending 1965 is herewith submitted. The health of the boys has been very good owing to regular habits and clean wholesome living conditions. The work of the school during the past year has shown satisfactory results in all departments.

The religious instruction of the boys has continued as in the past under the direction of Reverend Vincent A. Jakul, Chaplain for the Catholic boys and Reverend Leonard P. Edwards, Chaplain for the Protestant boys, and we are grateful for the help and assistance these fine men have given.

Last year we were fortunate to complete an expanded farming and livestock program, and substantial modernizing of our laundry installation of new pumps, washers and gas clothes dryer. Every building has portions redecorated, with new fluorescent lighting installed.

Based on the formats outlined by the late President and on the suggestions of the Amateur Athletic Union of the United States, the athletic program of the Middlesex County Training School offers one of the strictest physical training programs in the state. Each boy is subjected to at least 30 minutes of vigorous physical exercise five days a week.

The present seasonal soccer league which has been inaugurated has been the source of many exciting Sunday afternoons with the current Chelmsford Soccer Team. Our team was undefeated in six games. The boxing team was represented in the Greater Lowell Silver Mittens Boxing program this past year with six entries and two competing in the final elimination; the conduct of all boys setting forth the highest traditions of conduct and courtesy, exemplifying the true standards and goals of this institution.

The physical fitness program was lauded by Col. Ralph Colson for its achievement in the aspect of fitness by attaining an average of 90%.

Intramural sports include as well as soccer and boxing, football, basketball, softball, and a long list of other outdoor and indoor activities.

Our makeshift gym includes the activities of our weight lifting team and other activities such as wrestling, rope climbing, tumbling. The boys are eagerly awaiting the construction of our new gym.

In the area of recreation, a program of weekly movies was inaugurated, except during the summer and early fall months when the new swimming pool, which was another 1963 achievement, will take up the slack.

The pool is a great physical fitness, recreation and disciplinary tool, as well as the means of teaching water safety principles to scores of boys.

There were many conducted trips off the grounds for deserving boys, to professional programs in the area; auto races, boxing bouts, tours of the Battleship Massachusetts and several others as well as football games.

A stepped up program of public relations brought much favorable publicity in the press, and on a more personal basis scores of attendance officers, probation officers, court officials, school guidance personnel, and school officials were invited to the school, toured the facilities, had the policies, aims and

program outlined to them and were greatly impressed. In a similar vein, the head instructor has appeared before Rotary and Lions Clubs, Holy Name Societies in the Greater Lowell area, the combined social agencies of the Greater Lowell Community Council and a similar group in Quincy on speaking missions, and delivered illustrated talks which were very well received.

The military training proficiency of the boys was again recognized by the public, with a representative drill unit of some forty boys being voted "Best Marching Unit" in the Memorial Day Parade. This follows two previous victories in Dracut.

In conjunction with Lowell State College officials the new program was continued this past summer which resulted in MCTS gaining important test data on many boys at no cost. Teachers doing graduate work at LSC gave individual tests to more than a third of the student body. The Binet and Wisc tests scores were made available to the school as another tool in knowing the boys and their abilities and limitations better, and at the same time gave the teachers some requirements toward their advanced degrees. The program may be broadened this summer.

Now to come to a review of some of the year's progress:

February will mark the completion of the first year of the Student Activities Program and the selection of the Students of the Month. This positive program has been a great aid in keeping the discipline level high, has received the unstinted praise of the school teachers in creating a continued high level of interest in scholarship in order to pile up points toward a weekend at home. Since good conduct is the basic requirement for the award of the weekend and the engraved plaques, the program has been the incentive to spur many boys to the realization that a respect for authority has rewards. Points awarded for hobbies, posters, leisure time activities, short stories, essays, paintings, etc., have made the competition attractive as well, to academic non-achievers.

Some sixty-five boys have been rewarded under the program and there has not been a single instance of a boy failing to return well before the set deadline nor has there been a single incident at home during a weekend. This in itself is sufficient proof that this program is doing a job.

In the area of the classroom, a Teen Age Reading Club is continuing, with the reading material supplementing English study and being the basis of book reports. The study hour was revived after supper, following the summer period, to provide an extra hour of schooling daily.

I wish to acknowledge again my sincere appreciation for the cordial and helpful attitude of your Board in my efforts to conduct the work of the school.

Respectfully submitted,

TIMOTHY J. CRONIN,
Superintendent

THIRTY-FOURTH ANNUAL REPORT

of the

MIDDLESEX COUNTY SANATORIUM

To the Trustees of the Middlesex County Sanatorium,
Gentlemen:

I have the honor to present the thirty-fourth annual report of the Middlesex County Sanatorium for the year ending December 1965.

GENERAL REVIEW OF THE YEAR 1965

In 1965 the Middlesex County Sanatorium underwent no radical change in its responsibilities nor enlargement of its sanatorium district. It did prepare for further consolidation in 1966 when another of the sanatoriums in the state was to curtail its bed capacity for tuberculosis patients. The sanatorium continued to serve Essex as well as Middlesex County with clinics in Lowell, Lawrence, Haverhill, and Salem as well as the long established clinics in Middlesex County. We continued as the State Sanatorium for tuberculous children throughout the Commonwealth.

The total number of hospital days in 1965 was 53,540 compared to 52,935 in 1964.

ADMISSIONS AND DISCHARGES

ADULTS

309 patients were admitted as compared to 353 in 1964. There were 292 discharges including 38 deaths. Of these deaths, 30 were in patients over 60 years of age. Only 6 patients died of tuberculosis; 28 autopsies were performed, a percentage of 75%. General hospitals prefer not to admit patients with inactive or non-infectious tuberculosis and therefore, when such patients require hospital treatment for associated conditions like pneumonia, emphysema, or convalescence from serious fractures, they are admitted to the Sanatorium. Of the tuberculosis cases, 82% were moderately or far advanced. Chronic alcoholism was present in 19% of our male patients admitted, and some of these had previously left this or other sanatoriums against advice or had been expelled for drinking. The average daily census was 123 compared to 134 in 1966. The average length of stay was 120 days compared to 133 days the previous year.

The outpatient clinics at the Sanatorium and in the towns and cities of Middlesex and Essex Counties, with the more than 20,000 chest X-ray interpretations, constitute a large part of our service to the community. We continued to participate with other leading sanatoriums in the country on a combined cooperative research study on chemo-therapy sponsored by the United States Public Health Service.

CHILDREN

The daily average number of patients in the children's unit was 22.97, almost exactly the same as in 1964. There was one death in a child with bronchopneumonia superimposed on miliary tuberculosis. The average length of hospital stay for children was 158 days, and all patients with pulmonary or extrapulmonary tuberculosis were discharged as inactive or active-improved.

TREATMENT

Drug therapy continued as before, with clearing of diseased lungs and arrest of disease which would have seemed miraculous 20 years ago, before the discovery and introduction of drugs and antibiotics effective against tuberculosis. Surgical removal of lobes or segments of lobes in which a residual cavity is present has continued at the Sanatorium. Pneumonectomy or complete removal of one badly destroyed lung, was done seven times. Bilateral, staged surgical resections are done occasionally.

Scalene node biopsy was done in cases suspected of having cancer of the lung.

OUTPATIENT DEPARTMENT

1. The Outpatient Department at Middlesex County Sanatorium and outside clinics in Middlesex County. The arrangement remained the same as in former years and consists of:
 - a. The Walk-In-Clinic using 70 mm. films for screening purposes.
 - b. The Diagnostic Clinic for former house patients, for patients requiring a medical work-up on account of symptoms or X-ray findings, for tuberculin testing, etc. In this clinic, drug therapy is supervised and antituberculosis medication is dispensed free of charge to former house patients or for prophylaxis in some individuals.
 - c. The Outside Clinics, usually limited to X-rays only and tuberculin testing. Clinics are held in Malden, Everett, Ayer, Newton, Somerville, Medford, and Framingham. In the Walk-In-Clinic and at the House of Correction in Billerica 13,138 70 mm. films were taken. Of the 11,548 visits to the Diagnostic Clinic and Regional Clinics 67 were found to have active or probably active tuberculosis, 36 tumor, or suspected tumor. 14 had cardiovascular conditions and 3 pleurisy with effusion. There were 187 children with primary tuberculosis manifested only by a positive tuberculin test of which the majority were given prophylactic isoniazid treatment. Primary tuberculosis, active, was seen in 15 children.
2. Regional Clinics and Surveys in Essex County
Clinics were held in Lowell, Salem, and Haverhill as well as occasional X-ray clinics in Gloucester, Newburyport, Amesbury, and Andover. A

physician from the Middlesex County Sanatorium continues as a consultant at the Board of Health Clinic in Lynn. Physicians were sent to these regional clinics and the X-rays were interpreted at the Sanatorium. The Essex County jail inmates and those of East Cambridge, Salem, and Lawrence jails were also X-rayed at appropriate intervals.

There were 67 active, or probably active, cases found this year compared to 71 last year.

The following are statistics for these clinics:

DIAGNOSTIC CLINIC

Diagnostic Clinic Visits, Male 5,283, Female 4796	10,079
New Diagnostic Clinic Patients	7,908
Physical Examinations	4,157
X-rays Taken	7,862

SOCIAL SERVICE

As before, the main duties for Middlesex County rest with our social worker who also handles problems of the children's service for the entire Commonwealth. The home environments of many of our children are poor and involve delay in their discharge. We have to insure that drug therapy will be continued for as long as two years in these children after their discharge from the Sanatorium. Two public health nurses from the Division of Tuberculosis share the responsibilities for Essex County.

DEPARTMENT OF RADIOLOGY

An X-Omat developer was introduced which automatically develops films in seven minutes. This allowed for the introduction of giving return patients a report as to activity or inactivity of their tuberculosis, and for taking additional views if necessary at the same visit rather than requiring them to return another day. New patients were given a tentative report on their X-ray findings and asked to remain for physical examination, tuberculin test, and sputum examination if X-ray findings indicated the need for such studies.

Statistics are as follows:

A. Number of large films on house patients	2,986
Diagnostic clinic including regional clinics	9,545
Regional clinics in Essex County including jails	3,753
Employees	674
Total number of large films (including 216 planigrams)	20,666
B. Number of 70 mm. films in Walk-In-Clinic	12,111
Number of 70 mm. films at House of Correction	1,027
Total number of 70 mm. films	13,138
Total number of standard X-rays taken in 1965	31,010

The total number of individuals receiving an X-ray examination during the past 5 years is tabulated below:

1961	21,823
1962	23,223

PULMONARY FUNCTION LABORATORY

Pulmonary function studies were done in 168 patients, in most cases as part of the evaluation for resectional lung surgery. Equipment is available for lung volumina, maximum breathing capacity, expiratory flow rates, broncho-spirometry, pulmonary mixing, blood gases, and pulmonary artery pressure.

LABORATORY

Most of the determinations are done in our own laboratory, the Massachusetts General Hospital being used for the more complex infrequent examinations and for emergencies. The 7-H-10 medium for culturing tubercle bacilli gives results in 3 weeks instead of the 6 weeks required by the old-fashioned egg medium, although both types of media are used in every case. Our laboratory ranks well above those found in the majority of sanatoriums around the country. Autopsy permissions are obtained in 75% of fatal cases, which show death in almost every case to be due to an associated condition rather than to tuberculosis. Drug sensitivity testing for antituberculosis drugs is done in our laboratory.

The laboratory statistics are as follows:

OCCUPATIONAL THERAPY

The work of the Occupational Therapy Department has been under the direction of one registered therapist during the past year, assisted by the rehabilitation consultant for one month and by one full-time therapist for eleven months.

Instruction in crafts has been given on the wards and in the Occupational Therapy Office. Crafts include leatherwork, knitting, crocheting, embroidery, hairpin lace, marble jewelry, baroque gem jewelry, wood carving, copper tooling, and oil painting.

Record players were available for patients. Weekly movies were shown in the lounges and a twice a week disc-jockey show was broadcast by the patients. There were 23 parties for ambulatory patients, many with entertainment furnished by outside organizations. There were holiday parties for the children. Afternoon and evening recreation periods were held for adults.

Many donations were received both for children and adults. There were donations by the Patient Services Committee who also arranged entertainment for two children's parties.

REHABILITATION DEPARTMENT

The department continued its good work under Miss Helen H. Gale including correspondence courses, help to foreign-born patients with the English language, tutoring to high school students, aptitude testing, I.Q. test, referrals to the Massachusetts Rehabilitation Commission. A Sanatorium newspaper prepared by the patients appeared at intervals.

Mrs. Edna Currier continued as homemaking instructor, sponsored by the Middlesex Tuberculosis and Health Association.

LIBRARY

The statistics for the Patients' Library are as follows:

Total Circulation of Books		
Fiction	2,262	
Non-Fiction	867	
Periodicals	479	
Total		3,608
Purchases	43	
Donations	216	
Books Discarded	303	

Circulation of books was a little higher than last year. The librarian visits the bed patients with a book truck and ambulatory patients are allowed to go to the library for a larger selection.

PERSONNEL

Dr. Guillermo Brena resigned February 13, 1965 and Dr. Faruk Yenel August 14, 1965. Dr. Doris E. Barber joined the Staff September 20, 1965. Dr. Rajani K. Pathak served from July 1 to July 20 and Dr. Anwar Chowdhury came December 6, 1965. Dr. Hasmukhumar Desai served from August 16 to November 13, 1965. The mutually rewarding program of having rotating medical and surgical residents from the Massachusetts General Hospital was continued. The medical residents were Dr. Bernard Forget, Dr. Thomas Gelehrter, Dr. John Noble, Dr. Frederick Moolten, Dr. Robert Copeland, Dr. Albert Martin, Dr. Gabriel Schwartz, Dr. Robert Lawrence, Dr. David Taunton, Dr. William Thach, Dr. Adolph Karchner, Dr. William Baker, and Dr. Ronald Herberman. The surgical residents were Dr. Lucian Leape, Dr. Mortimer Buckley, Dr. Eldred Mundth, and Dr. Michael Jabaley.

Mr. Lawrence W. Holbrook, Chief Engineer, and Miss Elizabeth B. Russell, Head Social Worker, both members of the Staff since the sanatorium opened, resigned in June 1965. Both have been greatly missed. Mrs. Mary Percy was appointed Clinic Administrator in December 1965. Dr. Michael Luongo resigned as Pathologist June 30, 1965 and was succeeded by Dr. George Katsas.

MAINTENANCE EXPENSE

The expenditures in the table below include the money appropriated and spent in 1965 as well as money withheld from previous years.

The sum of \$34,787.00 was laid aside for new X-ray equipment to be installed in 1966 including an image intensifier fluoroscope with television.

The per diem cost per patient was less than in the previous year due to a higher census.

Total Hospital Days	53,540
Daily Average Number of Patients	146.68
Total Cost of Maintenance	\$1,796,185.89
(Includes Capital Expenditures)	
Daily Average Cost per Patient	\$33.55

Inpatient Care	\$1,273,220.72
Outpatient Care	\$109,544.64
Blue Cross and Insurance	\$243,654.09
Miscellaneous Income	\$8,591.34

ACKNOWLEDGMENTS

The Sanatorium is indebted to many persons and organizations which extended personal and financial help. Entertainment and gifts provided during the holidays were enjoyed by the adults and by the children.

The Voluntary Health Associations, with funds from Christmas Seal Campaigns, made many contributions.

The Sanatorium maintained active cooperation and friendly relations with other tuberculosis institutions, with the Massachusetts Division of Tuberculosis, and the local health agencies.

Personally I wish to thank the medical staff and department heads, and other employees for their loyalty and express our gratitude to the Chaplain.

I am grateful to the County Commissioners who as Trustees of the Sanatorium gave continuous help and advice in the administrative responsibilities.

Respectfully submitted,

RICHARD P. SCHERMAN, M.D.

Superintendent
